Key Features

- A robust mesh panel and post system combining security with aesthetic appeal
- V shaped beams pressed into 200mm x 50mm mesh increasing rigidity of the panel
- Panels secured to 60mm x 60mm posts with a steel clip and a tamperproof screw
- Available in green RAL6005 in heights of 2.0m
- Other colours available on request

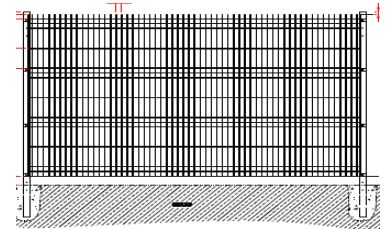

An attractive secure welded mesh panel and post system featuring heavy duty wire mesh and four horizontal profiles. Panel fitted securely with a steel clip and tamperproof screw. Posts are designed with additional fixing holes to accommodate stepping of panels to suit uneven ground levels.

Procter's manufacture high quality hinged or sliding gates to complement our range of mesh panel fencing. Gates can be manufactured to any size from 0.9m wide up to 12m
